SUMMARY

I am a passionate MERN Stack Developer, continuously contributing and growing in a dynamic environment. With expertise in React, Node.js, MongoDB, HTML, CSS, JavaScript, and Git, I thrive on teamwork and continuous learning. My experience includes hands-on projects and an ongoing internship, where I have honed my skills in responsive design, cross-browser compatibility, and full-stack development. I am committed to building scalable and user-friendly web applications while staying updated with the latest industry trends.
